EXPERIENCE

April 2020 - March 2021 (1 Year)

Assassin's Creed VR for Oculus Quest

Ubisoft (Mumbai, India) - Junior Level Designer

Member of the Level Design team, in collaboration with 3 other Ubisoft studios: Reflection, Blue Byte and Redstorm. My missions were:

- Prototyping different types of missions
- Creation of the mission documents
- Implementing numerous levels in the engine

August 2019 - January 2020 (6 Months)

Prince of Persia: Sand of time - Remake

Ubisoft (Pune, India) - Intern Combat Designer

Member of the Combat Design Team, I was in charge of the Main character's Combat, leading a team of 5 people from different sectors. My missions were:

- Creation of documents listing all possible fight systems
- Combat logic implementation in the engine
- Managing the team in order to respect Sprint deadlines

July 2018 - September 2018 (3 Months)

SoundSlide

IronEqual (Tourcoing, France) - Programmer & Level Designer

Musical runner, developped as a school project at first, then published by IronEqual on Steam - Unity

2013 - 2017 Adecco

Order picker during school holidays

EDUCATION
